The Court Brothers is a reminder call service specifically designed for courts around the country, to Lower Your Failure to Appear rate, help your court Get Paid Faster and Get More Done. We have the technological resources to call every defendant on every case, for a fraction of the cost of dealing with warrants when a defendant fails to appear or pay. The Court Brothers can also help courts get paid faster by reminding defendants of fines and payments before they are due, encouraging immediate payment and resolving cases more efficiently.

CourtCall

www.courtcall.com

Booth #103

CourtCall created the turn-key telephonic court appearance industry in 1995. Lawyers hoping to help reduce the cost of litigation know that clients save hundreds, if not thousands, of dollars each time their lawyers are not required to sit in traffic or jump on a plane for a brief appearance. CourtCall was created because there was a compelling need to make routine, non-evidentiary pre-trial appearances more cost effective for clients and more manageable for busy attorneys. Over 900,000 times in over 1,500 courtrooms across the country, CourtCall has enabled attorneys to seamlessly simulate an in-person court appearance with no discernible disruption in the business of the Court, all at no cost to the Court. For more information please call 1-888-882-6878.

Courthouse Technologies, Ltd.

www.courthouse-technologies.com

Booth #206

We're revolutionizing jury management. Our experience has taught us that superior jury management systems are not crafted by computer programmers, but by dedicated technology professionals who are specialists in the jury management field. Our team of developers has built more jury management systems than any other vendor in the market. And because we have applied expertise not just with our own applications, but with a variety of commercially available jury management systems, there is no one better qualified to provide you with the best jury management products, technical support and consulting services available.

National Center for State Courts

www.ncsconline.org

Booth #107

The National Center for State Courts, founded in 1971, provides research, information, education, and consulting services to state courts and courts around the world. For more than 35 years, the NCSC has helped courts plan, make decisions, and implement improvements that save time and money while ensuring judicial administration that supports fair and impartial decision making. NCSC is an independent, nonprofit court improvement organization founded by the state chief justices at the urging of Chief Justice of the Supreme Court Warren E. Burger. Chief Justice Burger envisioned NCSC as a clearinghouse for research information and comparative data to support improvement in judicial administration in the state courts. More than 20 years ago, the Institute for Court Management (ICM) merged with NCSC, adding an educational curriculum designed for court managers. In the early 1990s, an international services division was created to strengthen the rule of law in countries around the world. NCSC is headquartered in Williamsburg, Virginia with program offices in Denver, Colorado and Arlington, Virginia.
