All revised notifications and applications are due to Janet at NCSC by March 1 for publication. Next was discussions for appointing a Scholarship subcommittee and a need to revise the application as to no refunds if an awardee also pays for registration.

Dual membership outreach was discussed working with the state associations and communication committee in drafting up a communication to communicate to the current dual membership agreement partners in emailing their member listings. Discussions were had on institutionalizing the process of outreach for future committee members and communications as well.

Under new business Leesa McNeil updated the committee on her outreach to retired members. This outreach was well received and will continue to be an item of outreach by the committee.
