I. President’s Report
   Will Simmons
   A. Welcome and agenda overview
   a. Will welcomed everyone to the board meeting and stated that he is looking forward to a great conference. Thanked Callie and TJ for their work. Trying some new things so would like to hear what they hear about how things are going. Asked for any changes or needs with regard to the agenda.
   B. Recap of February 7, 2020 Officer’s Meeting
   a. Officers met yesterday and Will gave a brief recap of the meetings.
   b. The officers discussed letter received from a member concerned about the cost of the conferences. The letter generated discussion about how to engage retirees. The officers have determined that they will ask the author of the letter to help develop a plan for retirees. There are approximately 32 retired members on rosters – this is a great opportunity to bring into fold and work on a retiree rate for the conference. Dorothy suggested asking them to contribute the time at the conference in exchange for the discount. Jeff asked if this would be publicized as a rate – causing problems potentially. These issues will be flushed out in the future.
   c. Will mentioned the other information discussed would be addressed during the meeting but did highlight new Court Manager Editor would be in the meeting.
   d. The Executive Session later in the day will cover board health & NCSC contract.
   e. The officers also discussed a new approach to Midyear – think about reassessing and going back to regional meetings. This would be a one-day meeting with one track. Michelle suggests piloting the program. It is a possibility to work with AOC’s and use their training rooms. The board determined that they will move forward with a pilot program for next budget cycle and will start putting some things together for review by the board. TJ requests that the board take note of good speakers so can reuse for a pilot program. Board members would not be expected to attend these regional meetings but would be filler presenters for Core or whatever else. SIGs and WINs are good opportunities to build connection with NACM. Callie emphasized using the SJI priorities for education.
   C. Approval of December 10, 2019 Board meeting minutes* - Will asked if there were changes to the meeting minutes; there being none – the minutes were approved.
D. Partner updates
   a. Will thanked Charleston for the recent webinar with American University. American is a partner of NACM.
   b. COSCA Fall board meeting – Will presented at this meeting and was able to observe JTC’s meeting.
   c. CCPIO – NACM has a collaboration with CCPIO to create a media guide. This project is moving forward, probably 80% complete. Will met with the new CCPIO president who was very complimentary of NACM Partnership.
   d. CCJ Conference – Will presented to them last week at their Midyear Meeting
   e. Will met with the Chair of SJI, who is a Chief Justice. Will thanked the Chief Justice for SJI’s support. The partnership is strong with SJI – they are very happy that focus on SJI priorities.

      d. JCH Partnership* - TJ Asked folks to take a look at items in the board book for Justice Clearinghouse, whose focus is on webinars. JCH has provided several proposals for membership as an organization. The options are to give NACM members free membership, give discounted membership, or engage with JCH for webinars. The NACM membership list would be shared with JCH. The cost is $2,200 for free membership for members. Jeff asked if JCH would be a good vendor for exhibits. Think about what want going into negotiations. After discussion, TJ recommended the board approve an organizational membership, which would provide free membership to all NACM members. The board voted to empower TJ to start negotiations regarding member benefit (member subscription for 1 year.).
         o ACTION: TJ Made a motion that the board approve the membership benefit for up to $2200 with option to negotiate the best deal. Tina made a second. All in favor, none opposed. The motion carried. No motion was made for webinars at this time.

III. Vice President’s Report
   Kathy Griffin
   A. Education Committee Report Overview
      Kathy reported that there were no action items for the committee. The committee is assembling list of recommended speakers. Kathy requested people forward ideas to her. Kathy is also working on themes for next year’s conferences. State associations have been having roundtable discussions, which have been well received. The committee is also working with NASJE re; leadership session at the Annual conference, NASJE is assembling speakers. Kathy asked board members to encourage state representatives to get involved.
B. Core e-Learning Initiative - Lively discussion on last call. Jeffrey reported that the committee is going to move forward with rolling out the Core Achievement program prior to moving forward to e-Learning Initiative.
   a. It was reported that the last Core Committee call was not positive. Subcommittee had met, determined that the board needed an RFP and that the Court Leaders Group should not be interacting with the committee. Next CORE call, Court Leaders Group announced that they will do what they want. Jeffrey was clear that the board needed to have discussion regarding this. Officers decided that they will not pursue Court Leaders on microcourses with eDub Law. While NACM cannot control what others do, it was suggested the board craft a statement to be shared on the Core site to protect Core content and expectations. Janet suggests taking the statement a bit further and making it a resolution. It was also suggested to mention SJ’s support in the statement and/or the resolution. Jeff Chapple feels this is the best route to go as was not impressed with the offering from Court Leaders. The committee will move forward and let Court Leaders know will not move forward with them. Officers will draft something and forward to the board.

C. Federal Court Clerk Assn – has always worked with MSU. Kathy was contacted by them re: Core Curriculum. FCCA would like someone to present at their conference annually. Kathy has a follow up call with them, they would like a presenter for 2021. Propose marketing this availability to other associations and have six speakers designated as Core presenters so quality is known. Dorothy mentioned having dual partners only pay travel, but nondual partners pay a fee as well. Speakers will be contracted with NACM. The Core will start working on this.

IV. Secretary/Treasurer’s Report
   Jeffrey Tsunekawa
   A. Budget update and financial report – The DRAFT watermark appears on the documents for year-end as there are some outstanding items still coming in. It is projected that the 2019 budget will come in at $100,000 in the black. Unrealized gain/loss saved the budget. There was a brief discussion of how budget and accounts work. It was suggested to consider how to share this with membership.
   B. #WeToo – This grant was approved by SJ. Will be getting team members together to begin planning. Starting to move forward and set up a timeline for rollout. The focus of this grant is on the court community; the National Center has a complementary grant which focuses on the judge’s perspective.
   C. JTC Update – Paul and Kelly working on Teleworking Best Practices – Jeffrey is working on Landscape of Pretrial Risk-Assessments. Paul would like to see white papers advertised as a NACM benefit.
