

NACM Education Committee

Tuesday, October 15, 2019 – 3:00 PM ET

Present: T.J. BeMent (substitute chair), Sarah Brown-Clark, Jeff Chapple, Janet Cornell, Paul DeLosh, Callie Dietz (NCSC), Kim Free, Kelly Hutton, Hope Kentnor, Norman Meyer, Dawn Palermo, Kent Pankey, Janet Reid (NCSC), Karl Thoennes, Will Simmons, Joe Tommasino

T.J. called the meeting to order at 3:05 p.m. The minutes from September were approved.

Conference Development

T.J. provided an overview of Conference Development. Proposals have been received for midyear and a team is already reviewing them and will be meeting in the next week or so. Conference registration is slated for late October.

Conference Themes

T.J. opened a discussion about possible themes for 2021. Suggestions were to look at NCSC's upcoming Trends articles, the latest VOICE of the Profession survey and the State of the State Courts public opinion survey. Topics of note include cybersecurity, technology, rule of law, purposes and responsibilities and court security.

Conference Tracks

The group discussed possible tracks for conferences. These included Core, IT, court management generally, service level (ECP, mid and seasoned professionals). While the color-coding is good on the APP, it could be expanded and/or letter codes for the different tracks. Perhaps create a PDF for each of the tracks that notes the sessions that fit and post to conference website and APP.

NACM Core

With Kathy and Jeffrey absent, this topic was tabled.

Resources Working Group Discussion

Leadership Assessment Rubric

Members: Chris Reeves, Tamara, Margaret Allen

Notes:

- Hold

Education Repository

Members: Alyce, Danny, Dawn, Joe, Norman

Tags: Title, Author(s), Topic(s),

Notes:

- Dawn was noted that inventorying is complete and that a group is setting up and testing the repository mechanism. Committees will likely be assigned to help further.

Educational “landing pages”

Notes:

- Governance is focusing on Funding Authority along with Educators and Students and how it will be geared to specific audiences. Jeffrey is developing a template framework to help with layout.
