1. Welcome and Introductions
   Will called the meeting to order.

2. Debrief of Annual Conference
   Will asked for general feedback about conference:
   - Kathy heard feedback about Voice of the Profession- not as full. Perhaps should have paired the speech with a stronger plenary or later in the day (or Monday).
   - People want/requested longer sessions. Callie mentioned they will be continuing to do this.
   - Two-part Core sessions competed against Mark Lanterman (Son of a Breach, Don’t Be Another Fish in the Dark ‘Net), so they were not well attended.
   - Business Meeting - Michelle mentioned that that people who go last have the smallest audience. Possibly should make reports while people are eating?
   - The Career Fair was successful, and people were engaged. Michelle is going to send out an email requesting feedback from those with tables. Val requested to check re: space if going to move forward with Career Fairs each year as contracts have been signed for 2020, 2021, and 2022. Michelle would like to move forward for New Orleans. Try to have better marketing for the Fair - possibly making it a headliner for Court Express. It was estimated
approximately 70 people had walked through. In the future, the board would like to include mentors and a possible resume workshop. Janet mentioned the need to consider vendors/exhibitors when adding programming during the exhibit hall. Michelle stated another day may work.

- Paul asked about the technical difficulties and whether a discount could be requested. Callie responded that most of the issues were caused by speakers themselves. Embedded video was an issue with some of the speakers.
- Frank stated that he missed the presentation of colors or would like to at a minimum have a flag on display. Fundraising was a great opportunity. Perhaps use scholarship recipients to staff the desk. Nice to see a plan that comes together.
- Rick stated that attendees like the networking opportunities and want more. Last day, possible to add more opportunities. People were energized by podcasts/live stream. Need a succession plan for these components.
- Michelle discussed a networking event for New Orleans (i.e. ghost tour) and volunteer activity.
- Tina mentioned that she heard that some colleagues felt having a sponsored plenary had a captive audience. Committee meetings overlapped so attendees could not go to all of them. Perhaps 45 minutes for committees would be sufficient? Will suggested Education/Conference Development meet together. The board discussed doing one committee meeting a day vs. during the exhibit show.
- Janet suggested board members use the app to promote committee meetings. A description of committees should be included on the app in the future.
- Provide 10-15 minutes tutorial on the app at the beginning of the conference for those who may not know how to use it.
- Be careful not to put nothing with the exhibit hall so people don’t feel like a free day.
- Exhibitors like the format of the exhibit show now and were happy with the number of attendees at the show. Exhibit hall fees are the highest of any of the National Center for State Court associations so cost cannot be increased. Consider lead retrieval and investigate costs - Kathy stated the savings weren’t that great. Kathy asked about if a 50/50 raffle was possible.
