How The State of Oregon Navigated New Pre-Trial Needs

Tuesday, December 13 at 1:00 pm ET

A webinar presented by Tyler Technologies

About this Webinar...

Join Bryant Baehr, CIO of the Oregon Judicial Branch, and Bona Nasution, Director of Sales for Tyler Technologies, as they discuss the process for creating and implementing Oregon's new statewide court pre-trial services as part of the state's larger strategy on bail reform. The conversation will touch on all aspects of pre-trial services, including new data tracking abilities that give them the information they need to understand and improve outcomes.
